

# TECHNICAL AND SERVICE BULLETIN

No. 18

Date: FEBRUARY 1988

TO ALL KOMPAC DEALERS

Effective immediately, Graph Tech will introduce metering and form rollers with factory installed "press-on" bearings. They will begin with the 13" metering roller (92465, 92460), the 11" form roller (92416, 92410), and the 11 1/8" metering roller (92425, 92420).

The metering rollers will have both bearings pressed in place while the form rollers will have only the non-gear side in place. Graph Tech will leave the threaded journal on the gear side of all form rollers so the bearing can be pressed on after the gear clutch is installed in the field.

Graph Tech has also reduced the price of all form and metering rollers effective March 1st. Also as the "press-on" bearings are received in Graph Tech, the part numbers for rollers without bearings will become obsolete.

<u>Part No.</u>	<u>Description</u>	<u>New Retail Price</u>
92450	10-5/8" Form	142.65
92440	10-5/8" Metering	167.65
92410	11" Form	142.65
92400	11" Metering	167.65
92430	11-1/8" Form	142.65
92420	11-1/8" Metering	167.65
92510	12-9/16" Form	152.95
92500	12-9/16" Metering	177.95
92530	11-1/2" Form	142.65
92520	11-1/2" Metering	167.65
92470	13" Form	152.95
92460	13" Metering	177.95
92401	Bearing	5.00

In April or May, Graph Tech will also make available a small gear/bearing puller for use with the "press-on" bearing.
