TWO KOMPAC MODELS NOW AVAILABLE FOR RYOBİ 3200 SERIES PRESSES

Ryobi has released a new version of their model 3200 press. The new model 3200 is wider than the previous model. Graph Tech now offers two different Kompac units for the 3200 series of presses.

To determine which Kompac model to order, either the RYB 3200 or the new Ryobi 3200W, the following guidelines will help.

How old is the press?

If manufactured in 1996 - order Kompac model RYB 3200W

Before 1996 - order Kompac model RYB 3200

What color is the press?

If the press is lavender and cream - order Kompac model RYB 3200W

If the press is gray and blue - order Kompac model RYB 3200

What is the maximum printing area?

If 13 inches - order Kompac model RYB 3200W

If 12 inches - order Kompac model RYB 3200
