

KOMPAC TECHNICAL UPDATE

NO: 61
DATE: DECEMBER 1996
TO: ALL KOMPAC
DEALERS
SUBJECT: KOLOMATE
OSCILLATOR
CHANGE

Please be advised that Graph Tech is now using a short stroke design oscillator in all 13" and 13-1/4" Kompac models produced. These new oscillators will be more reliable and will not mill the ink in the Kompac down too fine. Now when your customer is running smaller coverage, there is no need to remove the oscillator. The longer stroke design will no longer be available for these models.

The following is a list of Kompac models affected by this change and the part numbers for the new oscillators.

PRESS MANUFACTURER	KOMPAC MODEL	NEW OSCILLATOR PART NUMBER
A.B.DICK	AB9875-KM, AB9800-KM	81306
MULTIGRAPHICS	M1316IPC-KM	81306
RYOBI	RYB330, RYB 3200MCD, RYB 3200W, RYB33	81311
TOKO	TK 47-KM, TK-4750M-KM	81311
GESTETNER	GST13-KM	81306

Thank you for your continued support.
